## **DETAILED ACTION**

### **Summary**

On August 13, 2004, an Office Action was mailed to the Applicant rejecting claims 1-13. On March 17, 2005, the Applicant responded by amending claims 1, 4-5, and 9-10.

### ***Claim Objections***

The objection has been withdrawn.

### **Claim Rejections - 35 USC § 101**

The rejection has been withdrawn.

### ***Claim Rejections - 35 USC § 102***

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(e) the invention was described in a patent granted on an application for patent by another filed in the United States before the invention thereof by the applicant for patent, or on an international application by another who has fulfilled the requirements of paragraphs (1), (2), and (4) of section 371(c) of this title before the invention thereof by the applicant for patent.

The changes made to 35 U.S.C. 102(e) by the American Inventors Protection Act of 1999 (AIPA) and the Intellectual Property and High Technology Technical Amendments Act of 2002 do not apply when the reference is a U.S. patent resulting directly or indirectly from an international application filed before November 29, 2000. Therefore, the prior art date of the reference is determined under 35 U.S.C. 102(e) prior to the amendment by the AIPA (pre-AIPA 35 U.S.C. 102(e)).

Claims 1-13 are rejected under 35 U.S.C. 102(e) as being anticipated by Mason (US 2001/0051918), as set forth in the previous Office Action.

With regard to the amendment, Mason discloses a telecommunications bill provided from a vendor to a consumer (p.2-3, 25); means for transmitting deprovision request and billing disputes to the vendor (p.3, 29-33); extracting data corresponding to billing item components, billing item rates, and billing item quantities (p.3, 29-33); comparing rate data representative of rates that should have been charged to the consumer (p.3, 29-33); and comparing billing item quantities in the telecommunication bills to the consumer's quantity data (p.3, 29-33).

### ***Response to Arguments***

Applicant's arguments filed March 17, 2005 have been fully considered but they are not persuasive. The Applicant argues that Mason does not disclose data input means for receiving the telecommunications bills provided from a vendor to a consumer; transmitting the deprovision requests and the billing disputes to the vendor; extracting data corresponding to billing item components, billing item rates, and billing item quantities; or comparing billing item rates in the telecommunication bills to rate data representative of rates that should have been charged to the consumer. In response, Mason discloses means for receiving the telecommunications bills provided from a vendor to a consumer (p.2-3, 25); transmitting the deprovision requests and the billing disputes to the vendor (p.3, 29-33); extracting data corresponding to billing item components, billing item rates, and billing item quantities (p.3, 29-33); and comparing

billing item rates in the telecommunication bills to rate data representative of rates that should have been charged to the consumer (p.3, 29-33).

### ***Conclusion***

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
